MESSAGE FROM THE PRINCIPAL

We have had a great start to the new school year. Our Open House was a success and so was our first Leadership/ASB Halloween Dance. Our dance brought in \$100 that will be used for student activities this school year. The end of first quarter is November 4, 2011. This means we are half way through the semester. Parent conferences are on November 9 and 10 from 8:00-2:30. Our goal is to meet with 100% of our parents. Please make sure you schedule an appointment with your student's advisory teacher. If you need assistance please don't hesitate to call the office at 452-9502 and they will help you schedule an appointment.

-Ms. Crumb-

STUDENT OF THE MONTH

Genna Birch was chosen for the November student of the month. She was chosen for her academic excellence in all her classes, her involvement in extra curricular activities at Lincoln and Port Angeles High School, her ability to get along with others, and her positive personality. Her award was well deserved. Way to go Genna, and keep up the good work.

LEADERSHIP/ASB

We are having a food drive from **October 17th through November 18th** to help with the Port Angeles Food Bank. We will be at Albertsons on **November 16th** collecting cans out front from 4:30-6:30pm. We also planned a Halloween dance which was held on October 28 from 6-8pm. It was held at the North Olympic Peninsula Skills Center. It turned out to be a great success! We raised around 100 dollars towards our ASB fund. Everyone who attended said they had a great time.

JAPANESE STUDENTS

During the week of October 6– October 9 our local student at LHS, Genna Birch, had the privilege of hosting two students from the Amora Prefecture near Mutsu City, Japan. While on their visit here, they were able to experience American culture. They visited Port Angeles, Seattle and Victoria getting a full range of American and Canadian life. On one of their last days here, they came to our school and students got to ask questions. We were able to learn that although our cultures are very different, we also have many similarities. A lot of our students noticed that they had similar interests such as shopping and hanging out with their friends, just like the average American teenage girl. We also noticed that there were many differences as well. The Japanese culture seemed to be much more focused on education. Students there don't have jobs while they're in high school. Not that they would have much time. The school day in Japan is from 8:00am-5:30pm. Thanks Genna for hosting the students and giving Lincoln students the opportunity to meet with them.

FISH ON THE FENCE

Ms. Klein, the commercial art teacher at Lincoln High School, runs a program called “Fish on the Fence.” Fish that have been created by Lincoln High students are placed on the fence by the landing. Her program has been going on for the past few years, and this year’s fish should be put up in March. The opening ceremony is happening during February, where people will bid on the student’s art work. She believes her students are doing their best and are bonding with the creatures they picked out. As of right now, her class is working on water colors and details to the fish they chose. She also says that the “Fish on the Fence” experience for her is heaven and hell. Her best moments of being a teacher happen when they are working on this project, and also her worst. She wants every one to know that without this project they would be working with crayons all year instead of the wonderful supplies they have been provided from past classes that have done this project

9 THINGS YOU DIDN'T KNOW ABOUT MR. YOUNG

- He has a collection of comic books, including Marvel, and the whole collection of Conan the Barbarian.
- His hero is his dad and the American founding fathers, specifically George Washington and Benjamin Franklin.
- His most embarrassing moment in high school was not knowing how to dance in gym class.
- His best car he owned was a 1997 red corvette, and his worst car older Subaru that barely ran.
- His most memorable food he’s ever tried was a German Knodel, which is a potatoes dumpling, with a big piece of pork in the middle of a gravy mushroom sauce.
- Although not one single fondest moment sticks in mind after all these years working a LHS, he did say he loves working with great young adults.
- His favorite class to teach is Contemporary Issues, because it’s relative, pertinent, world information.
- His favorite holiday is Thanksgiving and Fourth of July because it’s family time.
- His dream job when he was younger was to make a lot of money or be an army combat officer.

IN MEMORY OF JENNIFER

Hello, my name is Kiana Pimentel. My sister Jennifer Pimentel passed away on Oct. 9 because she was murdered. She was a developmentally disabled woman. She was always very nice and outgoing. She would do anything for someone to make them happy! She was 27 years old but had the mind of a 12 year old. Now that she has passed, I would like to do a scholarship to the developmentally disabled to give them a chance to go further in life. I would love it if we could get something going for them! With your help I can make it happen! Thanks so much.

RIP Jennifer Pimentel
