

Hello and welcome to PAHS,

September 1, 2010

My name is Garry Cameron Principal at Port Angeles High School and this is our first PAHS principal community update using our Skyward system. The purpose of sending the messages is to gain feedback from all of those connected to the Roughrider community. These messages will also be posted on our website.

Today we had 220 freshmen join us for Rider Day with their 61 Rider Crew Leaders. It was an exciting day. Our freshmen were given a tour of the campus, introduced to our staff, taught some Roughrider traditions, and they also participated in a student versus staff soccer game.

We look forward to seeing everybody tomorrow as our teachers and staff have been busily preparing for your students over the summer. Please leave a few minutes earlier to drop off and pick up your student as the first day of school traffic is usually heavy, and students will also need some extra time to pick up their schedules. We will have an assembly at the end of the day tomorrow where we will celebrate our traditions, greet our new freshmen class, meet the new ASB Officers, and introduce our new teachers. I hope this form of communication keeps you better informed of important events at the high school, and allow me to quickly provide feedback on any concerns you may have.

Garry Cameron  
Principal  
Port Angeles High School  
Go Roughriders!
