Presentation Scheduling	May-June 2010	Presentation Throughout 2010-11 School Year

The following reductions have been made in the SCP for the class of 2011.

1. The poster has been eliminated.
2. The paper has been reduced from a requirement of 8-10 pages to 6 or more pages.
3. The number of required resources to be cited in the bibliography has been reduced from 10 to 6.

The due dates have been moved forward so students can complete their SCP toward the beginning of their Senior year. There were many AP students and English 12 students scrambling to complete their SCP after the early May 2010 AP testing in their AP US History class and during the final two weeks of their Honors American Studies class.

1. IT is recommended that AP and Running Start students have their paper completed by September 8, 2010, and not later than November 5, 2010.
2. English 12 students have their papers due, in their English 12 classes, by November 5, 2010.

Presentations will be scheduled periodically throughout the year beginning in late September.
