

# Parents As Partners

## December Classes

**Renaissance Studies at Parents As Partners!**  
December 7th Honorable Lady Sophia Francesca Bruno will help students design their own Coat of Arms! Students should create a persona or choose a country/continent they are interested in for this project. To make it easy they can choose a country from their own heritage!

### Science

Tuesdays from 8:15-9:00. This hands on class will offer lab experience and science writing!

### Brunch Bunch

Tuesdays from 9:00-10:00. Bring a sack brunch, play games, finish work, and visit with friends.

### Birthday Celebration

Celebrate December birthdays December 15th during Winter Bunch! **Our birthday student this month is... George!**

### Art

We will learn about the color wheel!

### Writing

Students will continue their adventure into the

world of fiction! This month we will begin adaptations of familiar fairy tales, historic fiction, fantasy or mystery! I can't wait to read what the students create!

### Winter Brunch Potluck

**December 15th from 9:30- 11:45**

Genna has cheerfully agreed to help plan this party! It is a Renaissance themed costume party. We will have crafts games and music from the Middle Ages! Please sign up to bring a Renaissance dish (if possible) to this festive event!

Homeschool Support Program  
Port Angeles School District

**NO CLASSES**  
**ON TUESDAY,**  
**DECEMBER**  
**15TH!!!**

## Monthly Activities/Goals

December 1, 1959, twelve nations, including the US, signed a treaty making Antarctica a scientific preserve free from military activity. If you go onto [enchantedlearning.com](http://enchantedlearning.com) then go to Zoom School Antarctica your child can take a quiz on Antarctica, read about explorers, see it from space, learn about the ge-

ography and surviving in the cold, meteorites from Mars that have landed in Antarctica, dinosaurs that lived there, jokes, and make a snowflake book. Try watching *Continents of the World*, *South Pole*, *Tundra*, and *Penguins* videos on Brainpop.com. The *South Pole* and *Penguins* videos include fun and easy experiments to try.

Thinkfinity.org has a fun lesson called Antarctica: A Cold Desert Ecosystem. It has a link to the National Geographic's SeaLab-Antarctica. Check it out! I will have a variety of books available to check out and a packet available. Hope you have a fun and peaceful holiday!

## STUDENTS OF THE MONTH!

**Kaittlyn**

Kaittlyn is a 7th grader who's favorite subject is History. Kaittlyn's interests are; playing Badminton, Basketball, and hanging out with her friends. Her favorite foods are; Lobster, Snow-crab and other seafood. Kaittlyn's favorite movie is Silent Hill and her favorite book is, Vampire Kisses series 1-5. She would like to work for Loomis or Microsoft someday. Her favorite saying is; "The choices you make dictate the life you lead." Kaittlyn's heroes are her mom and Dana because without them she wouldn't have had an interest in school or ever heard of Parents As Partners!

**Mallory**

Mallory is a 2nd grader who loves playing with her dog, bowling and coloring. Her favorite food is Lasagna. Mallory's favorite subject is Spelling and favorite TV show is Sponge-Bob. Her favorite book is the Bible and she wants to be a teacher when she grows up. Mallory's hero is God because He looks out for her.
